Note: The red highlighted and underlined judge's score is the "oddball" score that is thrown out. The other two judge's scores are added up to produce the sum. The lowest to highest sums give the placing (1-10). When the "sum" is the same, best two-out-of-three takes precedence. Actual ties are broken using the score for Judge "A". Judge "A" is randomly selected each time a new class starts.
